## Electric Cooking School Was Well Attended

### Miss Manchester A Master of Culinary Art

Hamlin women were given an especial treat on Tuesday and Wednesday afternoons, when the West Texas Utilities Company presented Miss Irah Manchester in a free electric cooking school at the High School Auditorium.

Miss Manchester is a graduate of Home Economics, Syracuse University, and she has conducted cooking classes in many of our leading universities and colleges. She has a very pleasing personality and made a decided hit with the women who attended the school. Close attention was given all demonstrations and her every suggestion was eagerly received.

Miss Manchester was introduced by B. M. Brundage, local manager of the West Texas Utilities Company, who also extended a welcome to the women attending the electric cooking school. Other Utilities people who were present and assisted in making the school a success were Ray Hill, of Stamford, and Miss Eudora Hawkins, of Abilene.

Among the varied recipes and demonstrations brought by Miss Manchester were two oven dinners, fully prepared for service, a cake cooked, with every minute detail stressed as to maxing and baking, a pie that was done to a turn with all the "pie art" emphasized and various other dishes, too numerous to mention were prepared and cooked with the greatest skill. In every thing the lecturer was very clear and specific in her directions and

methods as to make them especially appealing to every housewife. She brought many up-to-date ideas in home making, stressing the fact that she was not trying so much to put over something new, but was trying to make her listeners know why and how THE UNNECESSARY in cooking methods should be eliminated. Her teaching was to show women how they may economize, how they may prepare inexpensive meals, how they may obtain more leisure time for themselves, in short how they may eliminate kitchen drudgery.

An attractive feature of the school were the beautiful prizes given by the West Texas Utilities Company. On Tuesday the prize was a lovely chafing dish which was given to Mrs. Ira Clements and on Wednesday a Mix Master was given to Mrs. C. C. Jones. Other prizes were the cake pie and various dishes of food which Miss Manchester had prepared in her demonstrations. A prize of \$10.00 had been offered to the Church Society having the greatest number in attendance, the number being based on the percentage of members in each society. Wednesday when the final count was made, the Methodist and Baptist Societies had the same number registered, but the prize was given to the Methodist Society because they had registered a higher percent of their membership.

All together the school was a splendid success and I am certain we voice the sentiments of every woman who attended, when we say we hope the West Texas Utilities Company will give us another electric cooking school with Miss Manchester as director.

## CONDUCTS SERVICES AT

### HAMLIN MISSION

REV. ALBERT E. DAVIS

Evangelist Albert E. Davis, of Wichita Falls, Texas, arrived last Sunday morning at the 11 o'clock hour to conduct evangelistic meetings at "The Mission" here. Rev. Davis is now in his sixth year as Pastor of "THE CHURCH OF THE AIR" over radio station KGKO, Wichita Falls, Texas. "The Church of the Air" program is heard each week day at 2:05 P. M. and each Sunday morning at 7:30 A. M. In the absence of Evangelist Davis, Rev. Paul R. Smith has charge of the radio hour. Rev. Davis stated that recently KGKO had changed their frequency to 1440 Kilocycles. It formerly was 570 Kilocycles. Since Evangelist Davis has been here in the meeting he has asked the audience how many have or are now listeners to "THE CHURCH OF THE AIR" program and at least 2-3 of the audience indicated that they were members of the unseen audience of this religious program.

Rev. Davis spoke very highly of the work Dr. McCrary was doing in the city of Hamlin at the Union Mission. "This open door for the Full Gospel should be and I am confident is highly appreciated," he stated, "by every true Christian of this city. Anyone who would raise his voice against a work where souls are being saved, and encouraged in the Lord in these awful days of depression and adversity, certainly do not have the Spirit of the Christ."

Good crowds have been present every night thus far in the revival. The speaker brought a timely message last night from the subject, "The Voice of God." He declared that God in his wisdom and mercy speaks to every man, woman, boy, and girl pertaining to His Will concerning them. "TO-DAY IF YOU WILL HEAR HIS VOICE HARDEN NOT YOUR HEARTS." He speaks in a Reproving Voice; He speaks in a Warning Voice; He speaks in a Beseeching Voice; He speaks in a Reasoning Voice; and if we will not then heed He loves us so much that He will speak to us through the Voice of calamity or physical affliction. Other subjects Evangelist Davis will discuss during the meeting are "What Think Ye of Christ?" The Tragedy of the Rich Young Man, and "Unconscious Beauty." Christ only is lifted up and all Christians regardless of creed are cordially invited to attend the revival.

## agency.

"This is not an emergency rate," Governor Myers said. "On July 1, this year, the banks will begin to make loans which will bear 4 per cent interest during their entire life, with the exception of an emergency rate of 3 1-2 per cent for interest payable in the one-year period beginning July 1, 1935. This new low 4 per cent rate is a direct reflection of the lower rate of interest borne by Federal farm loan bonds sold by the Federal land banks. It is in keeping with the policy of the Farm Credit Administration to lower or raise the interest rates on new loans as the rates on their new bond issues vary."

Mrs. Roy Stine and little son, who have been visiting her parents, Mr. and Mrs. J. B. Adkins, and other relatives, returned to their home in Vernon Sunday. They were accompanied home by little Miss Koleta Adkins.

See Mrs. Fed Britton.

## SATURDAY, JULY 6, FINAL DATE

### FOR SIGNING BANKHEAD

## APPLICATIONS

According to information from R. H. Maxwell, County Agent of Jones County, the final date for signing Bankhead applications has been set for Saturday, July 6, 1935.

If you have not yet signed application for allotment and tax-exemption certificates, please do so at once.

The County Agent's office at Anson, has been signing up these applications for several weeks, but there are many producers who have not yet signed up, and as stated above, the final date is Saturday, July 6th, 1935.

John Green was carried to the Stamford Sanatorium last week for an operation for appendicitis. He came out of it in fine shape and perhaps by the end of this week he will be able to return home.

Mr. and Mrs. L. L. Shell, Sr., and daughter, Miss Mary Kathryn, and son, Holden, of Georgetown, returned to their home Sunday after a visit here with their daughter, Mrs. Joe Simpson.

Mrs. David Bunting and baby, of Kurten, returned to their home Sunday after a visit in the home of Mr. and Mrs. Joe Simpson. Mrs. Bunting is a sister of Mrs. Simpson.

Mrs. J. L. Sharp, a daughter of Mrs. S. K. Dillard, of this city, was able to return to her home in San Angelo, Monday, from Temple, where she underwent an operation two weeks ago in Scott and White Sanatorium.

Mrs. S. K. Dillard returned last Wednesday, from Archer City where she had been with her daughter-in-law, Mrs. Ross Dillard, who has been very ill, but is now reported to be improving.

## Baptist Encampment

### In Session At Lueders

### Hamlin Baptist Sunday School Will Attend In a Body Sunday

Approximately 400 Baptists from all sections of West Texas gathered Monday night to participate in formal opening of the 14th annual session of the Lueders encampment. One hundred enrolled for the full session — estimated to be double the registration at the end of the first night last year.

J. Howard Williams, of Dallas, executive secretary of the Baptist state missions board, and Rev. H. E. Fowler, pastor of the East Grand Avenue Baptist Church, Dallas, were principal speakers at the opening service.

A full program was launched Tuesday morning. Among the prominent Baptists of Texas who are in leadership are Rev. C. E. Hereford, pastor of Columbus Avenue Baptist Church, Waco; Mrs. B. L. Lockett of Abilene, former missionary to Africa; Dr. J. B. Tidwell of Baylor University, Waco; Mrs. B. A. Copass, president of the Woman's Missionary unions of Texas; Dr. T. C. Gardner, state director of B. T. U., and G. S. Hopkins, Baptist Sunday school missionary of Texas.

Among those from Hamlin on the Encampment Grounds for the week are Rev. and Mrs. J. Henry Littleton. Rev. Littleton is a former president of the Encampment and at present is Business Manager. Also in attendance is the superintendent of the Hamlin Baptist Sunday School, Tate May, wife and son, James Tate.

On Sunday morning the members of the Hamlin Baptist Sunday School will meet at the Baptist Church at eight-thirty o'clock, make their regular Sunday School report, be given a badge, and for those who do not have a way to go, cars will be provided for the trip, so that the entire Sunday School may attend the

services in Lueders Sunday.

Preparations have been made to serve a barbecue dinner for all the Hamlin folks on the ground, at the noon hour with the women of the church as honor guests. That means the men will do the work and serve the dinner.

The only service asked of the women is that they bring or send cakes. This arrangement should enable all the Hamlin members to attend and really enjoy a rare privilege of worship at the great encampment this Sunday.

## NOTICE BALL FANS

The Wise Chapel Ball Club will play the Hilton Hotel Club, of Abilene, Sunday afternoon, June 30, at 3:30 o'clock at the Hamlin Ball Park. Admission 15 cents or two for 25 cents. (p)

## ROTARIANS BACK FROM MEXICO CITY

On Friday, June 14th, you read, perhaps, that four Rotarians and one little son of a Rotarian were on their way to the City of Mexico to attend the International Convention of Rotarians.

On Wednesday afternoon June 26 at about 7:30 the "gang," including Ira A. Clements and little son, Jimmy, and Supt. C. G. Green, J. E. Moody and Bowen Pope, arrived safe and sound after a 14 day absence, going, staying and returning, from the City.

This is Thursday morning and Ye Editor and all the others are so very glad to be back in glorious Texas and dear little Hamlin, and after the three days and nights of long and thrilling travel on the return, we are too weary to give a detailed report of our trip, at this time.

We shall say here, however, that the Herald will give a series of articles on, what is perhaps one of the most thrilling, and in many ways the most unusual experiences that could be imagined. It is in order here to say that the Hamlin bunch of Rotarians, as well as the other nearly 6,000 members from all parts of the world, had much trouble getting through to Mexico City because of the great floods, washouts, overflows, landslides, high rivers and ruined bridges. Many men never reached Mexico City at all, many were very late in arrival, and all kinds of travel were resorted to, including hand-pushing of cars, walking, canoeing, ferrying, trucking and

doing without drink, food, sleep, with narrow escapes from drowning, or being tumbled into a bottomless gulch from a foggy mountain side. All of the experiences, as well as the many enthralling scenes of the venerable nation to our south, will be related in connected form, in the pages of the Herald, the next few weeks. The story we plan to relate will not only be valuable to the Lions who contemplate going to Mexico in July, but will be interesting, we hope, to all others whether they ever make a trip to Mexico City or not. Let it be remembered that the Hamlin bunch succeeded in getting their car 900 miles toward Mexico City and the other 300 miles was traveled by train and truck, over the roughest and most thrilling part of the journey.

## LAND BANK INTEREST

### RATES LOWEST IN HISTORY

A further reduction of interest rates by the Federal land banks on July 1 will bring the contract rate on new loans through national farm loan associations to the all-time low point of 4 per cent and complete a series of reductions which have cut the interest cost of farm mortgage money a full 1 per cent in the last three months. This was announced June 24 by Governor W. I. Myers of the Farm Credit Administration.

On April 1 the banks lowered the rate on new loans from 5 to 4 1-2 per cent; and on April 10 reduced the rate from 4 1-2 to 4 1-4 per cent. The latest reduction loans will be available at the lowest interest rates ever offered farmers by the Federal land banks or by any large lending

## FRIENDS ARE FEW

Often we hear people say that they have "hundreds of friends," but if they have they are indeed the luckiest of individuals. For if they begin to think a bit it might amaze them to realize that the very people they would truly count as friends in the true sense of the word might be counted on the fingers of one hand. Some people confound friends with acquaintances, forgetting that true real friendship is a very lovely and rare thing. Friends are truly the golden gifts of life, and perhaps the following definition of a friend might be a good summary:

The sunshine of calamity.  
The essence of pure devotion.  
The ripe fruit of acquaintanceship.  
One who understands our silence.  
A star of hope in the cloud of adversity.

The jewel which shines the brightest in the darkness.

The link in life's chain which bears the greatest strain.

The first person who comes in when the whole world has gone out.

One who loves the truth and you, and will tell you the truth in spite of you.

We should keep our friendship in constant repair, and certainly if one wants a friend one must be one.

## MORE THAN ONE WAY

One day last fall while a farmer was delivering a couple of dressed chickens to a city customer she remarked, "I should think, Mr. Jones, you'd simply hate to chop off the heads of those innocent chickens."

"You're right, ma'am," he said, and so I never do it. I manage to get around it."

"Get around it, how?" the housewife asked with eager interest.

"Well, you see, ma'am," replied the farmer, "what I does is chop the chickens off the heads."

Mrs. John Eakin is in Sweetwater visiting her daughter, Mrs. Dora Boyd, and her son, T. C. Eakin, and family.

## BUSINESS SENSE

"What attracted you to your bride?" asked the minister after the ceremony.

"Well, sah," replied the ebony-faced groom, "de fust time Ah seed Dinah I tuk er fancy to her—she was so good looking. Den, when Ah larned dat she was doin' steady washin' for sebben families, right den an' dar, sah, Ah surrendered."

## HIDE HER GLASSES

"Did the patent medicine you purchased cure your aunt?"

"Mercy, no. On reading the circular that was wrapped around the bottle she got two more diseases."

## a sporting offer TO MOTORISTS

If you've been passing up Gulf pumps lately, you're postponing a great discovery.

Get re-acquainted with Gulf. Try it for 3 weeks. Give it a chance to prove itself. You can't lose—you can gain. And here's why we say this...

750 car-owners recently took up our sporting offer, compared That Good Gulf with their own brand for (1) mileage (2) starting (3) pick-up (4) power (5) all-around performance. And...

7 out of 10 found Gulf better in one or more of the 5 ways—many in all five. Why? Because it's 5 good gasolines in one! Controlled refining gives it—not only 2 or 3—but all 5 qualities of a perfect gas.

Try That Good Gulf in your car—beginning today!

GULF REFINING CO.

Q. What's the best way of stopping your car—to stop wasting gas? You will find the answer in this Gulf booklet, plus 14 other valuable economy hints. Free—at the Sign of the Orange Disc.

## THAT GOOD GULF GASOLINE

## HITSON NEWS

Well, it still rains. The farmers can't work very much between rains.

Mr. H. L. Haught and family attended Workers' Conference at Royston last Monday.

Mr. and Mrs. Ray Kelly and Mrs. G. W. Calvert visited at Rotan Sunday.

Mrs. D. E. King and Miss Cassie King made a business trip to Abilene Saturday.

Jesse Kelly, Jr., who has been working near Anson, returned home a few days ago.

R. J. Cox and family were in Royston Monday.

Bro. Young, of Tuscola, accepted the pastorate of the Hitson church. Bro. Young is a very able preacher and everyone seems to be well satisfied with him.

Allen Wiseman, of Goldsboro, visited G. W. Calvert last week.

Mrs. G. C. Walls, of Abilene, visited her sister, Mrs. G. W. Calvert, Tuesday.

Grandfather and Grandmother Haught visited their son, H. L. Haught one night this week.

Mrs. Eva Huddleston, who has been visiting her father and mother.

Mr. and Mrs. Oscar Newsome returned to their home in Longview, Tuesday.

Misses Estelle and Lavernia Newsome returned to their work in the St. Vincent Hospital at Sherman Tuesday.

Mrs. Ruth Huddleston and children and Miss Fay Huddleston visited Mrs. J. B. Slack Sunday.

Mrs. J. B. Slack, who has been confined to her bed, for sometime is improving at this time.

Mr. and Mrs. Roland Calvert, of near Abilene, visited in the home of his father, G. W. Calvert Sunday. Mr. and Mrs. Byron Williams, of Long Beach, California, are visiting his parents, Mr. and Mrs. E. Z. Williams at this time.

J. D. Sooley, of Anson, is visiting his daughter, Mrs. G. W. Calvert, this week.

Mrs. Buelah Smith of the Round Top community, visited Mrs. Cooper Sunday.

In our attempts to acquire learning, we have unhappily learned much we will have to unlearn.

Mrs. Forest Binion, of Alpine, spent last week-end here visiting her parents, Mr. and Mrs. C. E. Bryson.

CITATION BY PUBLICATION  
THE STATE OF TEXAS

To the Sheriff or any Constable of Jones County, Greeting:

YOU ARE HEREBY COMMANDED

to summon The Heirs of Virginia Engleman, Deceased, whose names are unknown by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Jones County, to be holden at the Court House thereof, in Anson, on the 1st Monday in September A. D. 1935, the same being the 2d day of September A. D. 1935, then and there to answer a petition filed in said Court on the 17th day of June A. D. 1935, in a suit, numbered on the docket of said Court as No. 6081, wherein J. M. Alexander, is Plaintiff, and The Unknown Heirs of Virginia Engleman, are Defendants, and said petition alleging.

Suit in Trespass to Try Title as well as for damages, to all of Section No. 3, Block 14, T. & P. Railway

Company land, situated in Jones County, Texas.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Anson this the 17th day of June A. D. 1935.

ROBERT CROSS, Clerk,  
(Seal) District Court,  
Jones County  
34-4t)

### SPONSORS ANNOUNCED FOR COWBOY REUNION

STAMFORD, Texas, June 27.—Thirty towns and cities of West Texas already announced the selection of cowgirl sponsors to represent them at the Sixth Annual Texas Cowboy Reunion to be held in Stamford July 2, 3, and 4. The total is expected to reach 75 before the Reunion opens as the number is larger than had been selected at this date last year.

Preliminary judging of sponsors to decide the winner of the beautiful hand-made saddle and other prizes will get under way at the rodeo arena Tuesday morning at 10 o'clock and the final judging will take place on the last day of the Reunion, July 4. On the second day, the sponsors will be individually introduced in the rodeo arena during the afternoon show.

The cowgirls will ride in the parades each day of the Reunion, including the grand parade on July 3. Dances each night and other social functions have been arranged for their entertainment. Mrs. L. M. Hardy of Stamford is official hostess.

Sponsors selected up to June 22, with towns they will represent follow: Miss Peggy Jackson, Abilene; Miss Marie Love, Anson; Mrs. Clyde Bingham, Aspermont; Mrs. Truett Blackman, Avoca; Miss Modesta Good, Big Spring; Mrs. Bill Bell, Crowell; Miss Georgia Wyatt Booth, Goree; Miss Colia Ann Humphreys, Guthrie; Miss Almeda Joslett, Haskell; Miss Lucile Daniels, Jayton; Mrs. Addison Jones, Justiceburg; Miss Lota Faye Barbee, Merkel; Miss Walter Faye Cowden, Midland; Miss Lucille Hardin, New Light; Miss Reta Bell, Odessa; Miss Eunice Frazier, Old Glory; Mrs. Evalyn Neff, Post; Miss Frances Parker, Roby; Mrs. Geo. Oats, Rochester; Miss Mona Robinson, Rotan; Miss Erman Abbott, Rule; Miss Selma Swenson, Salesmanship Club, Dallas; Miss Joan Stocks, San Angelo; Miss Clara Mae Jones, Stamford; Miss Frances Eddie Beck, Sylvester; Mrs. Georgia Evans, Stephenville; Mrs. Paul Sutherland, Strawn; Miss Floy Beth Richards, Throckmorton; Miss Frances Prichard, Weatherford; and Miss Mary Beth Moody, Hamlin.

### PREVENT TYPHOID FEVER

AUSTIN, Texas, June 27.—Recent floods may be responsible for an epidemic of typhoid fever, declares Dr. John W. Brown, State Health Officer. Flood conditions have prevailed over most of the State and unless the utmost precautions are observed to prevent this disease the monetary loss from illness may equal the property loss.

Typhoid fever is often called a "filth-borne" disease. It can only grow into epidemic proportions under conditions which are insanitary. A typhoid epidemic means that water, milk, or food have been contaminated with germs from the body discharges of a patient or carrier. Contamination of milk by flies is favored by a lack of sanitation.

The prevention of typhoid fever is peculiarly a matter of community responsibility. In cities large and small most urgent control measures are those providing for (1) proper disposal of human excreta through sewage disposal plants and toilets of sanitary type; (2) safe public and well water supplies; (3) extermination of flies; (4) healthy food handlers; (5) supervision of disease carriers and (6) public milk supplies of high quality with the added safe-

### Government By Mail

Long, Coughlin, and Townsend Fill Mail-Boxes and Ballot-Boxes

SENATOR HUEY P. LONG, of Louisiana, with his "share-the-wealth" program; Father Charles E. Coughlin, of Royal Oak, Michigan, with his National Union for Social Justice; and Dr. Frank E. Townsend, of Long Beach, California, with his old-age pension plan, account for much of the mail which travels over the country each day, reports *The Literary Digest*.

Most Senators occupy three rooms in the Senate Office Building. But Huey Long has five rooms. When his staff overflowed the normal Senatorial quarters, Senator Long moved some of his clerks into the corridor. As a result the Government allotted him, without extra charge, two more rooms.

### Long Expands

At the peak, in April, Senator Long employed twenty-two clerks on the day-shift, and fourteen at night. The mail averages 60,000 letters a week.

Doctor Townsend had a paid force of fifty in the main office at Long Beach last winter. One thousand two hundred dollars a day was spent on postage-stamps. Father Coughlin hires 217 clerks.

guard of careful pasteurization.

Innoculations with vaccine increase individual resistance to typhoid fever. Such treatments are advised for exposed persons and those who, through travel or change of residence are subject to varied water, food, and milk supplies. For the rank and file of our population, reduction of deaths and sickness from preventable disease like typhoid fever is largely dependent upon carrying out the six above mentioned measures.

### My Favorite Recipes

Frances Lee Barton says:

THERE'S something so friendly about waffles! Particularly on a Sunday evening when it's cold as the North Pole outside and friends of the family have just dropped in—then it's a perfect time to get them all together—in front of the fire, if possible—and let them watch you prepare these delicate, crispy corn waffles. They smell as grand as they look—so better be prepared to make a lot. Oh yes—popular vote says lots of maple-flavored syrup!

### Corn Waffles

2 cups sifted flour; 2 teaspoons double-acting baking powder; 1/2 teaspoon salt; 3 egg yolks, well beaten; 1 1/4 cups milk; 5 tablespoons melted butter or other shortening; 1 cup canned corn; 3 egg whites, stiffly beaten.

Sift flour once, measure, add baking powder and salt, and sift again. Combine egg yolks and milk; add gradually to flour, beating only until smooth. Add shortening and corn. Fold in egg whites. Bake in hot waffle iron. Serve with butter and maple-flavored syrup. Makes five 4-section waffles.

## Items of Interest To Fisher Co. Women

AS REPORTED TO AND BY MISS EVELYN JENNINGS,  
FISHER CO. HOME DEM. AGENT

### DRESS CONTEST

More than 300 women attended the judging demonstration of 111 dresses and slips given by Miss Lida Cooper, District 2 Home Demonstration agent, and Miss Evelyn Jennings, Fisher county agent, in the High School Auditorium, Anson, June 22.

A trip to the A. & M. Short Course, July 28-August 2, was awarded to Mrs. Carl Bonneaux, Noodle, and Mrs. C. L. Sherrill, Stith, as winners in the Class II and Class I wardrobe demonstration respectively.

Mrs. L. B. Mayberry, South Hamlin, won second and Mrs. Ray Rushing, Lueders, third in the Class II demonstration. These women were to provide adequate storage for the entire family, keep clothing records for the entire family, and make a dress and slip of sheer material from their foundation patterns.

Mrs. B. L. Whaley, South Hamlin, won second and Mrs. C. W. Seage, Noodle, third in the Class I demonstration. These women, being demonstrators for the first time were to provide storage space for themselves, keep an individual clothing record, and make a street or house dress of cotton material using their foundation patterns.

Mrs. Paul Bradley, Stith, won first place, Mrs. E. L. Clark, Avoca, second, and Mrs. C. D. Gibbons, South Hamlin, third in the Class A co-operators group. This group of dresses was made of sheer cotton material.

Mrs. Bill Dunigan, Stith, won first, Mrs. Rex Reddell, Anson, second, and Mrs. C. D. Heald, third in the Class B co-operators group. This group of dresses were street or house dresses of cotton material.

STYLE and good fits were the

keynotes of the entire contest, and those attending saw just what could be done with a good fitting foundation pattern and some study and planning.

\*\*\*

### MATRESS MAKING

One of the essentials of proper rest is a good mattress. The purposes in giving a mattress demonstration is to help people who buy mattresses to know what they are looking for; and to teach people who cannot afford to have mattresses made to take their own cotton and make a good comfortable mattress, thus knowing the material used and how that material has been handled.

Nine and one fourth yards of 35 inch ACA 8 ounce ticking and 50 pounds cotton are required for a mattress for a double bed. Three pleats are placed at each corner of the tick and after stitching two widths together take 5 inches off either side for boxing allowing the seam to come in the center of the mattress. The tick is left open at one end and both sides thus allowing the cotton to be placed more evenly and easily. Attach two holds one inch on either side to give ease in turning.

Never use linters for a mattress but use one inch to one and one fourth inch staple cotton and be sure that it is clean. Pick out all the trash. Round bale remnants are the easiest to work with since it is the width of the mattress.

Lay the cotton lengthwise and work from both sides letting the seam come in the center. Weigh the cotton in five pound layers placing the layer next the seam in the boxing but do not push the cotton in from the edge. If there is too much cotton and it comes over the seam, take it off instead of pushing it in from the seam. The fiber of the cotton goes in a certain direction; keep the fibers running in the same direction. Add to the layers in thin places.

Use No. 16 cotton thread for sewing the mattress up, taking small blind stitches for a neat strong seam. Use a 7 inch 12 gauge needle, sharpen it with a file, using an ice pick handle to push needle through with. Use double tufting twine for roll around the edge in order to keep it from cutting. One may use ordinary cord and wax it or one may use shoe thread.

A. & M. does not recommend tufting mattresses because cotton is not in a perfectly even bat. The roll holds the cotton in place and the stitch will reinforce the seams. Nine stripes are included in the roll. Knot the doubled thread two inches from the end, pinch up hand full of cotton and hold it—the thumb and finger coming almost together. Always fol-

low the same stripes and never begin a roll in the corner. Start with the knot in the thread coming on top, taking the stitch from top diagonally to bottom of the roll the stitch should be three fourth inch long and go down slanting but come up straight. The tacks are one and three fourth inches to two inches apart and the seam is always included in the stitch. Do all of the pulling from the bottom and not from the top of the roll. Get the same amount of cotton in the roll all the way around. If you do not keep the roll firm, but let it dwindle, the roll gets "wiggly".

To renovate a mattress, rip the tick, remove the cotton, and place on heavy wire screen. Take heavy wire beaters and beat thoroughly to remove all dirt and trash. Discard all poor material, then spread cotton out in five pound layers. Sun and air in order to fluff the cotton before placing it in the tick.

Mattresses must be sunned, aired, and beaten over and over again to have a good mattress. One who has made a new mattress does not use it until it has been sunned and aired for two weeks. If it rains allow a day for each day that it rains. Turn the mattress several times a day and beat. Make a rack to sun and air the mattresses on. By beating, airing, and sunning the fibers straighten out. Beat a little toward the corners of the mattress but more or less straight up and down.

\*\*\*

Miss Lida Cooper, District Agent, was in Fisher County Friday, June 21, and visited demonstrators and the Rotan Home Demonstration Club with Miss Evelyn Jennings, County Home Demonstration Agent.

After the club meeting Misses Cooper and Jennings went to Anson where they judged Jones County wardrobe work and Dress Contest on Saturday. One hundred and eleven women exhibited dresses, slips and foundation patterns.

\*\*\*

Miss Evelyn Jennings, Co. H. Dem. Agent of Fisher Co., has received notice from Miss Cooper, District Agent, to be in Snyder Saturday, June 29, to judge the dress contest for Scurry County and to be in Lamesa to attend the Women's Encampment and judge the dress contest for Dawson County, July 3.

\*\*\*

On June 14 a mattress demonstration was given in the home of Mrs. Mrs. M. L. Shick by Miss Mattie Shick, second year wardrobe demonstrator of the Cross Roads Club. One mattress was renovated. In spite of rain and almost impassable roads 20 people were present for this demonstration, from the Dowell-Valley and Cross Roads Clubs and a number of non-club visitors.

\*\*\*

### OUIDA JOHNSTON WINS

#### COUNTY BEDROOM CONTEST

Ouida Johnston, bedroom demonstrator in Eskota 4-H Girls Club won first place in Fisher County on the bedroom she improved. Leota Bailey, of Swedonia 4-H Club, placed second; Kathleen Waddell, Capitola 4-H Club, and Marie Jessee, Moody 4-H Clubs, tied for third. Ellene Schlueter, Busby 4-H Club, fourth and Betty Joe Abbott of McCaulley Club, placed fifth.

Other girls in the County completing the demonstration are Norma Turner, Hitson 4-H Club; Jewel Anderson, Round Top 4-H Club; Eula Mae Vaughan, 4-H club girl of County-Wide Club; and Opal Mize, Gannon 4-H Club.

Each girl has made many permanent improvements in her room and the community should appreciate the time and effort expended in order to show what may be done with very little expense.

\*\*\*

### WINNER OF COUNTY CONTEST JUDGED FOR DISTRICT

Miss Bess Edward, Assistant State Home Demonstration Agent, was in Fisher County, Thursday, June 20, to score the room of Ouida Johnston, bedroom demonstrator of Eskota 4-H Club.

Miss Edwards scored the winning bedroom in each county in District 2 for the District winner and then the winners in each District will be scored and the girl making highest score will be state winner of bedroom work for 1935.

### OLD FIDDLERS A FEATURE OF COWBOY REUNION

STAMFORD, Texas, June 27.—Aged musicians who fiddled for frontier dances in the early days of the West will compete for cash prizes in the old fiddlers' contest which will be one of the free entertainment features of the Sixth Annual Texas Cowboy Reunion in Stamford, July 2, 3, and 4.

The contest this year will be held on July 4, the last day of the Reunion, instead of the second day as in past years. The change was made to avoid conflict with the grand parade on the second day. The contest will be held in the City Auditorium, up-town, beginning at 8:30 A. M., and will likely last until 11 o'clock. Jim Stell will have charge of the contest this year, succeeding H. F. Jackson, who moved to California.

To be eligible for the contest, fiddlers must be no less than 50 years of age and professionals are barred. Each contestant is allowed to select the two tunes he plays, and only "break-down" tunes are permitted. Fiddlers may play alone or choose their own seconds, but only one accompanist is allowed for each player.

First prize is \$15, second \$10, third \$5, and fourth \$2.50. No entry fee is required of contestants and there is no charge for admission to the hall. Crowds every year have packed the auditorium, which seats 1,500 persons. Twenty-six fiddlers, ranging in age from 51 to 75, entered the contest last year.

Two of the champion fiddlers of past years have died within the past few months. They are P. R. Wilemon, 75, of Hamlin, winner of the 1934 contest, and P. R. McCray, 92, of Anson, who won first prize in 1933.

Another feature of the Reunion program which serves to keep alive the pastimes of pioneer days is the cowboy square dance, which will be held every night at the bunk house on the Reunion grounds. Many of the oldtimers, as well as the younger cowhands and other visitors enjoy these dances. Men will be charged 50 cents admission and their ladies 25 cents. Members of the oldtime cowboys organization and their ladies will be admitted free. The committee in charge is composed of oldtime cowboys, with Chas. E. Coombes of Stamford as chairman and Lewis Ackers, Abilene, and Doc Ellis, Spur, as the other members.

### Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me."... If Cardui does not help YOU, consult a physician.

### CHEVROLET-TIPS TO TOURISTS

The comfort of the driver and his passengers on a vacation depends partly on their utilizing the special features built into their car, and partly on their own initiative. The experienced long-distance tourist thinks nothing of four or five hundred miles a day, because he has learned how to rest and relax during the run; whereas, many whose average is but a few miles daily in the city, or 100 miles on Sundays, become fatigued on an all-day trip, simply through failure to avail themselves of the refinements which the manufacturer has provided.

Fatigue is the chief cause of discomfort on a long tour, summer or winter; in the summer, heat and glare are added burdens. We have come to the aid of the driver with improvements that enable the driver to combat these sources of discomfort, and the experienced driver has tricks of his own to bring further relief.

The actual muscular effort required to drive a car all day is not great; the fatigue of a long drive results more from being forced to remain in a fixed position than from actual expenditure of energy. You would get just as tired, of course, if you remained in an easy chair at home all day. The experienced driver will vary his position as frequently and

as widely as possible, by moving the easily adjustable front seat back and forth, and by shifting his posture on the seat.

Muscular effort in driving is chiefly in the operation of the pedals. The experienced driver will save a lot of energy in their use. It does not take much effort to depress the clutch and brake pedals, but to hold them down for the extended periods is extremely fatiguing. Therefore, you won't find a knowing driver waiting in gear at a signal, with the clutch pedal held down; he'll be in neutral, resting his foot and leg. Similarly, at a halt on a grade, he will hold the car with the hand brake, not with his foot. On long stretches of clear road, or on long climbs requiring full throttle, the driver may set the hand throttle and rest his accelerator foot by a change of position. On a steep down grade, he will save his braking muscles by shifting into second gear.

shifting into second gear.

Combating hot weather also has its tricks. No-draft ventilating systems offer a wide variety of effects, but many drivers fail to reap their full advantages. The rear windows of a sedan should be open, for instance, even if only the front seat is occupied—because it induces circulation of air throughout the car, from front to rear. Incidentally, if your car has a heater, don't forget that it will act as a radiator inside the car, even though the switch is turned off, unless the heater is disconnected from the engine. Another point to watch in hot weather is tire pressure. Tires inflated in the cool of the morning with cold air from a compressor tank will increase in pressure from the heat of the road and may become too hard for running, and may become too hard

On long drives, it is a good practice to halt by the roadside at regular intervals—say for five minutes

every two hours—for a "stretch" It helps too to get out of the car for a few minutes at stops for gas line, or during long waits at railroad crossings.

Probably the most trying driving—and the most dangerous—is when you can stay awake only by conscious effort. The thing to do is stop, and take a ten minute nap.

Eye strain has much to do with the fatigue of driving. Use the adjustable visors of your car whenever possible, and wear tinted glasses to kill the glare of the road.

## YOU ALWAYS GET BETTER QUALITY AT NO HIGHER PRICE WHEN YOU BUY A FIRESTONE TIRE WITH FIRESTONE NAME AND GUARANTEE

Tires may look alike on the outside, but on the inside where blowouts start, they are different. Firestone Tires are made blowout-proof by Gum-Dipping, a patented extra process which soaks every strand with pure liquid rubber. In fact, every 100 pounds of cotton cords absorb eight additional pounds of liquid rubber. This special process prevents internal friction and heat, the main cause of blowouts. No other make of tire is Gum-Dipped, yet you pay no more for Firestone blowout-proof protection.

The make of tires you buy for your car becomes a matter of vital importance when you realize that in 1934 alone 43,000 accidents were caused by blowouts, punctures and skidding.

Firestone High Speed Gum-Dipped Tires hold all world records on road and track for safety, speed, mileage and endurance—undisputed evidence that Firestone Tires are not only blowout-proof but give greatest protection against skidding.

### THERE ARE THREE QUESTIONS AND ANSWERS THAT WILL SOLVE YOUR PROBLEM OF WHAT TIRES TO BUY

#### 1 "Will the tread give me the greatest traction and protection against skidding?"

Recent tests by a leading University show that Firestone High Speed Non-Skid Tires stop a car 15% quicker than any other of the leading makes.

For eight consecutive years Firestone Tires have been on the winning car in the dangerous Pike's Peak Race where a skid means death. This is undisputed evidence that Firestone gives car owners greatest protection against skidding.

#### 2 "Are they blowout-proof?"

Firestone Gum-Dipped Tires have the most amazing records for being blowout-proof of any tires ever built. In the gruelling 500-Mile Race at Indianapolis, May 30th, every one of the 33 cars was equipped with Firestone Gum-Dipped Tires. Kelly Pettillo won the race and broke the record over this 26-year-old rough brick track without tire trouble—in fact, not one of the 33 drivers had tire trouble of any kind.

Ab Jenkins drove his 5,000 pound car on Firestone Gum-Dipped Tires over the hot salt beds of Utah, 3,000 miles in 23½ hours, at an average speed of 127.2 miles per hour, with temperatures as high as 120°, without tire trouble of any kind. These are most amazing proofs of blowout protection ever known.

#### 3 "Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

Firestone High Speed Tires not only give you more than 50% longer wear, but also lowest cost per mile. This is made possible by the tough, wear-resisting tread built with higher shoulders and a wider, flatter contour. This thick, rugged, scientifically designed tread is held securely to the Gum-Dipped cord body by Firestone's patented construction of two extra layers of cords under the tread. This is a special construction feature not used in any other tire. Unequaled mileage records by thousands of car owners add undisputed evidence of the longer wear and greater economy of Firestone High Speed Tires.

## ⋮ Society and Clubs ⋮

### MRS. KERLIN ENTERTAINED

Summer flowers decorated rooms the home of Mrs. M. L. Kerlin, Tuesday afternoon when she entertained the Blue Bird Club and other guests at the regular club hour.

Four games of contract were played with Mrs. John Ed Day receiving the high score award.

At the tea hour an ice course was served from tables centered with summer blossoms.

Those present were Meses. Paul A. Fowler, John Ed Day, O. L. Henry, Milton Wilson, Arche Pardue, Bob Low, B. M. Brundage, Elmer Feagan, Ted Bledsoe, W. S. Pike, Jr., Maurice Smith, and Bill Braymer.

### MRS. DAY TUESDAY CLUB HOSTESS

Mrs. John T. Day was hostess to the Tuesday Club and other guests in her home on Central Avenue, Tuesday afternoon.

Roses decorated rooms where three tables of contract were in play. High score for the club was won by Miss Pearl Whitley and for the guests by Mrs. J. P. Morgan.

Following the games a plate holding ice cream, cake, and fruit punch was served.

Members present were Meses. J. W. Ezell, D. O. Sauls, W. J. Poe, W. F. Johnson, H. O. Cassle, H. L. Norris, Misses Pearl Whitley and Lulan Vaughan. Guests were Mrs. J. P. Morgan, Miss Annie Laurie Johnson, and Mrs. O. D. Roland, of Port Arthur.

### MISS ANNIE LAURIE JOHNSON ENTERTAINED

Miss Annie Laurie Johnson entertained with bridge in her home Friday afternoon, June 21.

At the conclusion of the games, an ice course, was passed to Meses. Bob Low, Milton Wilson, Turner Bynum, Jr., W. S. Pike, Jr., J. H. Bridener, Henry Albritton, Maurice Smith, John Ed Day, Paul Smith, Arche Pardue, C. C. Prater, A. E. Pardue,

B. L. Jones, Bill Braymer, Mac Brundage, Tom Williams, M. L. Kerlin, Mrs. Holly Toler, of Austin, Misses Marie Pope, and Edwina Gilbert.

### MRS. WILLIAMS HOSTESS TO CLUB

Mrs. Frank Williams was hostess to the Trece Senores Club in her home, Tuesday afternoon.

Red roses decorated rooms where three tables of contract were in play. Mrs. Bill Rountree won high score for the club and Mrs. Calvin Smith for the guests. At the conclusion of the games, an ice course was served.

Those playing were Meses. B. W. Nobles, Pat O'Donnell, Otis Hopper, Bill Rountree, Clinton Barrow, Fred Carpenter, W. E. Akers, Herman McBride, Grogan Turner, J. E. Bury, Calvin Smith, and Lowell Ballew.

Sylvan Freedman arrived Wednesday of last week from Washington, D. C., to spend his vacation with his parents, Mr. and Mrs. D. Freedman.

Miss Ina Miller returned home Saturday from Big Spring where she visited friends.

Mrs. Theo Miles and daughter, were here Monday from Georgetown to visit Mrs. Joe Simpson.

Lott L. Shell, Jr. is in Georgetown for this week visiting his parents.

## Churches and Church Activities

### DAILY VACATION BIBLE SCHOOL

The Daily Vacation Bible School at the Methodist Church will begin Monday, July 1, at 8:30 A.M. The children of the community are invited to come and the schedule is as follows:

8:30 to 9:00—out-door supervised recreation directed by Rev. Longino and Ted Longino.

9:00 to 9:30—Devotional and song service directed by Mrs. Longino and assisted by Miss Edwina Gilbert, Miss Ruby Phenix, Mrs. Herman McBride, Mrs. Mart Farrow, and Mrs. R. Y. Barrow.

9:30 to 10:00—Study period directed by Mrs. E. M. Wilson and assisted by Mrs. Gordon Bennett, Mrs. Hackly, Mrs. Jim Hudson, Mrs. Whitlock, Mrs. Otis Hopper, Mrs. Tom Teague, Mrs. Bob Low, Miss Mae James, Mrs. Collier, and Mrs. Jack Rupert.

10:00 to 11:45—Handicraft for the boys directed by Mr. Archie Fairy and assisted by Redmond Switzer, Ivan Hutson, and Ted Longino. Mrs. Turner Bynum, Jr., assisted by Mrs. Bill Braymer, Mrs. W. J. Poe, Mrs. Joe McCrary, Miss Ella Temple, and

Mrs. Paul Cain will have charge of the department of art and needlework.

10:45 to 11:00—General assembly. The school will close July 12, at which time an open program and exhibition will be held.

#### BEACON CLASS ELECTS OFFICERS

The following officers were elected last Sunday to serve the Beacon Class.

President—Jack Wilson  
Vice-president—Judy Via  
Secretary—Lois Anderson  
Treasurer—Leone Bowman  
Reporter—Naomi Rupert  
Social committee: Mrs. Movelda Reynolds, chairman, Ray Willingham, Jr., W. W. Collier, Jr., Mina Fay Cotten, and Mary Lou Bailey.  
Twenty nine members were present, with one visitor, Ted Palmer.

—REPORTER.

### METHODIST CHURCH

On the street last week, I was stopped by a child and was asked this question, "When are you going to start your little school?" The straight forwardness of the question and its simplicity backed by real in-

terest caused me to think.

The child was referring to the Vacation Bible School that will have its first session next Monday, beginning at 8:30 a.m. for a half hour of recreation on the parsonage lot adjacent the church. Word has come to me that no other denomination in town is having a Vacation School for children. There may be times when it is profitable for an old sheep to change pastures and a bit of encouragement may be the means of saving a soul; but he who would steal a lamb from another fold would be guilty of stealing a chicken from his neighbor's roost if the occasion seemed to warrant such procedure. Now if you will understand that we are not trying to make Methodists, but Christians, out of the children who attend this Bible School we assure you that children from other denominations, or no denomination, are as welcome to attend all phases of this school as are those of our own homes. No child is too poor or too rich, too mean or too good, too backward or too wise, but that he will be interested in the program provided for him in this Vacation School. The hours are 8:30 a.m. to 11:00 a.m. There are no tuition charges.

Because summer is here doesn't mean that you are not wanted at church services. It isn't even a valid reason for missing the Sunday School or Prayer Meeting Services. Therefore don't ask me to tell St. Peter why you failed to be in your pew Sunday.

H. A. LONGINO.

### McCAULEY NEWS

Everyone is busy, either going somewhere, or really at work in the fields.

The meeting at the Church of Christ is progressing nicely—a fine crowd and good preaching.

Mr. Granvel Dean and Miss Frances Evans were united in marriage, Sunday morning, June 23, in the home of Rev. J. P. Hardesty. They will make their home here.

Mr. and Mrs. Waley Martin and family, of Abilene, were week-end guests of relatives here.

Miss Lena Faulkenberry is spending the week at Morton with her cousins, Miss Berta Barnes and Mrs. Loris Tanner.

Many enjoyed the party given by Lila Lee in her home Saturday night. News has arrived that Mr. and Mrs. Ben Kemp are grandparents. Mr. and Mrs. Russell Cranes, of Big Spring, are the proud parents of a little daughter.

Mr. and Mrs. Arvin Stran, of Houston, announce the birth of a little son, so Mr. and Mrs. J. C. George are grandparents.

Mr. and Mrs. Lee Hendon had as their guests Sunday Jimmie Crockett, of Dallas, and Mr. and Mrs. Abernathy, of Moran.

Miss Bess Alice Liming, of San Angelo, was the guest of Mrs. A. Davis this week.

# Drive far—drive fast —without a worry!

With Conoco Germ Processed Oil in your crankcase,  
you KNOW the strain won't hurt your motor!

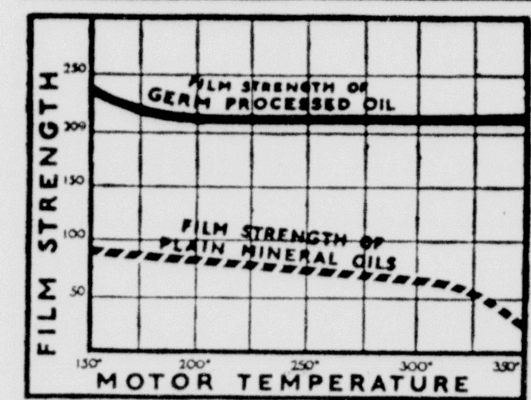

Tests prove this new alloyed oil has 2 to 4 times greater film strength  
than plain mineral oils and resists heat better!

On July 4th or week-end and vacation trips, you'll want to drive far and get there in a hurry. And you don't want that nagging worry of "I wonder if this speed and heat will hurt anything in my motor."

You can't always be sure when you use plain mineral oils, for they have little film strength and oils over-refined by new cleansing processes have even less. Moreover, as motor heat goes up, these oils rapidly lose film strength. Film strength is the load-carrying ability of an oil, the quality that keeps bearings and cylinders from wearing out. Lack of film strength results in costly damage.

You can drive without a worry when you use Conoco Germ Processed Motor Oil! It has 2 to 4 times greater film strength than any plain mineral oil. Heat does not lessen this advantage.\*

Supervised road tests—over good and bad roads, at low and high speeds, in all kinds of weather—give practical proof that Germ Processed Oil pro-

CONOCO GERM PROCESSED MOTOR OIL  
PLAIN MINERAL OILS

#### \*HERE'S THE PROOF

Note that as heat increases, the plain mineral oils continue to lose film strength, but that above 225° (Minimum Summer crankcase temperature) Germ Processed oil's film strength is not affected by heat. Tests made with Timken machine.

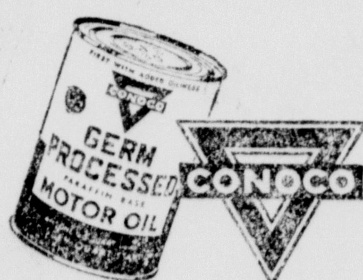

tests motors better. In every test, gravimetric measurement of motor bearings showed that Germ Processed Oil prevented wear far better than plain mineral oils. Tested in a fleet of cars equipped with the new alloy-metal bearings used in many 1935 cars, a high-quality plain mineral oil permitted 45% more wear on connecting rod bearings than did Germ Processed Oil.

Conoco Germ Processed Motor Oil is the first alloyed oil—alloyed, much as metals are, by adding concentrated oily essence to highly refined oil. It is the only oil made by the Germ Process. It is the oil with the "Hidden Quart" that stays up in your motor and never drains away!

Say "O. K.—Drain"—fill with Germ Processed Oil. Drive far—drive fast—without a worry!
